

## S40 MODEL HORIZONTAL SHRINK WRAPPER

- ◆ 80 PACKAGES PER MINUTE
- ◆ COMPACT DESIGN
- ◆ FLEXIBLE PACKAGE SIZE RANGE
- ◆ EASY MAINTENANCE

**Platinum's S40 Model** Horizontal Shrink Wrapper is designed for operating speeds of up to 80 packages per minute. The compact design of the **S40 Model** saves valuable floor space while offering 5 feet of clear product feeding space.

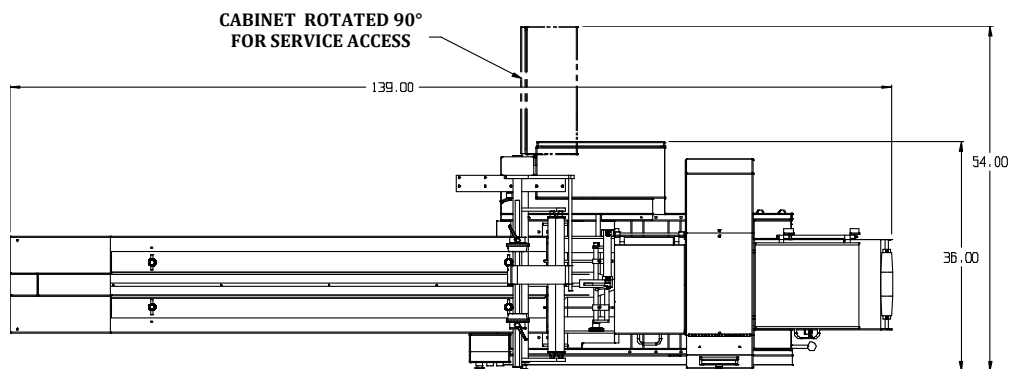

Touch screen electronic controls provide fast and precise product changeover with 15 programmable product setups. Precise digital heat controls provide consistent end seal quality.

The unique EZ-SET end crimper phasing control

allows the operator to position the crimper between the product during initial setup, then easily fine tune the setting...while the machine is running.

The S40 Model can accommodate a variety of shrink films, including polyolefins as well as PVCs. It is surprisingly affordable and so versatile, it's ideal for a wide variety of food, pharmaceutical and general industrial applications.

# Platinum S40 Model Horizontal Shrink Wrapper
